# Our Products

*Quality Ingredients, Naturally Made*

# Squid Ink Powder

## ► 100% Pure and Natural

Our squid ink powder is made exclusively from fresh squid ink—no artificial colors, chemicals, flavor enhancers, or preservatives.

## ► Long-lasting & Economic

- ♦ **Extended Shelf Life:** Powder form offers convenient storage and long-term use.
- ♦ **High Concentration:** Only a 1% addition delivers a striking black color, making it economical for both small- and large-scale production.

## ► Specialized Applications

Ideal for dry preparations where liquid ink isn't practical, including:

- ♦ Black bread dough
- ♦ Unique coating batters
- ♦ Dry seasonings

Perfect for commercial bakeries, food manufacturing, and professional kitchens that require precise measuring and consistent results.

**1.76oz (50g) / bag**

Perfect for baking and adding black color to pastries and pasta.

**10.5oz (300g) / bag**

Versatile size, perfect for multiple dishes.

**35.2oz (1kg) / bag**

Perfect for restaurants and bakeries, offering a versatile and cost-effective option.

**352oz (10kg) / bag**

Ideal for large-scale production, catering to the needs of factories and food manufacturers.

**Custom Specifications Available**

Custom specifications tailored to meet your unique requirements.

# Natural Squid Ink

## ► 100% Naturally Extracted

Our natural squid ink is completely free from preservatives. Its water activity is carefully controlled with salt, which imparts a pleasant natural saltiness.

## ► Professional Kitchen Ready

- ♦ Enhanced Consistency: Contains natural carrageenan for a gel-like texture, ensuring easy handling and rapid incorporation.
- ♦ Instant Integration: Ideal for traditional Mediterranean and Japanese cuisines; quickly delivers deep black color and robust umami flavor in wet applications like pasta sauces, risottos, and paellas.

**3.53oz (5g x 20 Pack) / bag**

Convenient single-use sachets for portion control.

**6.4oz (180g) / bottle**

Versatile size, perfect for multiple dishes.

**17.6oz (500g) / bottle**

Ideal for restaurants, providing a convenient format.

**35.2oz (1kg) / bag**

Suitable for larger-scale restaurant use.

**Custom Specifications Available**

Custom specifications tailored to meet your unique requirements.

# Edible Gold Series

*Masterfully Crafted, Exceptionally Precious*

## ► Handcrafted Gold Leaf: 999.9‰ Pure Perfection

Using traditional Japanese techniques, our 999.9‰ pure gold undergoes meticulous purification, hammering, and cutting to produce ultra-thin gold leaf (0.001mm thickness). Free from impurities like copper, it boasts a vibrant golden hue, feather-light texture, and exquisite delicacy.

## ► Versatile Applications

Our edible gold leaf enhances a wide array of products—from pastries, candies, chocolates, and beverages to skincare items—adding significant value and visual appeal.

## Flakes (Fine)

- ≤ 3mm, irregular shape
- Ideal for fine decorations or enhancing a luxurious feel.

## Flakes (Coarse)

- > 3mm, irregular shape
- Suitable for covering large areas or creating bold visual effects.

## Leaf Sheets

- Square, thin sheets
- Perfect for covering large surfaces, structured decorations, or precise detailing.

## Spray

- Fine gold powder
- Designed for quick application and large surface coverage.

\*Note: The spray mist is gentle and not recommended for fragile or highly malleable items, such as whipped cream, as it may alter the structure.

# Red Beet Root Powder

*Color Your Creations, Naturally.*

## ► 100% Natural

Made from high quality red beet roots with no additives, preservatives, salt, or sugar. 1 spoonful provides the nutrients of 75g fresh beets.

7.06oz (200g) / bag

## ► Ultra-Fine & Easily Dissolves

Mixes smoothly with rich color and even distribution, dissolving in seconds for a clump-free drink.

## ► Suitable for Daily Health Care

Beetroot helps the body produce nitric oxide, supporting healthy blood flow, and helping maintain normal blood pressure. Rich in betaine, vitamins, and minerals, it improves circulation and promotes active performance.

## ► Versatile Applications

Organically grown to preserve the beetroot's most natural and earthy flavor. Adding it to your juice, smoothie, or yogurt, especially with fruits, cocoa, and honey— bring more color to your life through your daily diet.

# Applications
